Superintendent Mosbrucker shared the Bobcat was at the dealer for some work. Bobcat had it for a week and couldn't duplicate the problem. Since we got it back, the problem has not resurfaced. Sand and salt shed has been built at the new City yard. The guys are busy moving equipment and supplies to the new building. The old elementary has some double paned windows that could replace some existing single pane windows in the new building. When demolition starts the city is going to see if they can get the windows.

Johnson moved and Riedlinger seconded a Sales Tax Grant for the Library. \$1617.88 would go to pay for non-fiction books for beginning and emergent readers. The rest would go towards fundraising efforts. The City suggested the Library could go on an annual matching grant program for \$5000/year.

The City received notification from Southwest Water Authority that our water rate would be increasing \$.17/per 1000 gallons. The difference based on this year's water usage would equate to approximately a \$3200 increase next year. There will be no changes to the City's water rate.
